Monday, 28 (cont.)

Time	Title	Speaker / Facilitator	Venue	Description
13:00	Lunch		The courtyard	
14:00	DevMit Smorgasbord	Carl Wesselink , SouthSouthNorth Projects Africa; Anton Cartwright , Mistra Urban Futures Researcher, UCT; Deborah Ramalope , Chief Director Climate Change Mitigation, South African Department of Environmental Affairs; D.Raghunandan , All India Peoples Science Network & Delhi Science Forum; Steven Bland , Urban-LEDS South Africa; Stef Raubenheimer , MAPS.	Courtyard, Reception, Plenary and Breakout	The Cape Town Kuyasa Housing CDM Project, and the Sustainable Settlements Facility NAMA; Carbon offsetting and development - the Credible Carbon approach; DevMit in South African mitigation policy; DevMit - reflections from Warsaw; The Urban-LEDS project; Introducing MAPS.
15:00	Tea		DevMit Café and Reception	
15:30	Parallel sessions: i) Transport and ii) Land-use	<i>Transport</i> : Paper presentation (Shukla), guest presenters: Adrian Stone and Anthony Dane (Researchers, ERC, UCT), Sherman Indhul , Executive Manager Climate Change Policy and Sustainability, Transnet, South Africa. Moderator: Lisa Kane , Sustainable Transport Specialist, UCT. <i>Land-Use</i> : Guest presenters: Tony Knowles , Cirrus Group, Cape Town and Marcelo Moreira , ICONE, Brazil. Moderator: Marta Torres Gunfaus , MAPS Director.	Plenary (Transport), Breakout (Land-use)	<i>Transport</i> This sector is a key source of emissions growth in the developing world, and is also strongly linked to GDP growth, with many developmental impacts. Presentations and discussions will aim to unpack these issues. <i>Land use</i> This highly politicized sector underpins many mitigation and development initiatives. The land-use discussion is also very different in different contexts. Guest presenters from Africa and Brazil will lead the session into a discussion of these challenges.

Tuesday, 28 January 2014

Time	Title	Speaker / Facilitator	Format	Description
8:30	Coffee		DevMit Café and Reception	Registration, reading and networking area, communications marketplace, collaboration noticeboard.
9:00	DevMit Forum stocktaking	Stefan Raubenheimer , Director MAPS Programme, Emily Tyler , MAPS Programme.	Plenary	Here we maintain our focus, assess progress, and work towards populating the 'DevMit Ideas Kit'.
9:20	Planning and low carbon development paths: panel discussion	Tasneem Essop , South African National Planning Commission; Surya Sethi , ex-Principal Advisor to the Indian National Planning Commission; Andrea Rudnick , ex-head of the Climate Change Office of the Ministry of Environment, Chile. Moderated by Bert Metz , Fellow at the European Climate Foundation.	Plenary	Interrogation of how climate change mitigation, or low-carbon development can be integrated into a national development planning context. Discussions will focus on the experience of India and South Africa, and on how this can be done in a country where plans are focused at a sectoral level.
10:30	Tea		DevMit Café and Reception	
11:00	The emissions implications of development	Paper presentations (Lay and Khedkar). Moderator: Anton Cartwright , Mistra Urban Futures Researcher, UCT.	Plenary	Investigation into the emissions impacts of various development paths, and the feasibility of mitigation actions in a developing country context.
12:30	Lunch		The courtyard	
13:30	DevMit Smorgasbord (continued)	Repeat of Smorgasbord speakers in Day 1.	Courtyard, Reception, Plenary and Breakout	Repeat of Smorgasbord options in Day 1 (excluding the Kuyasa Housing session).
14:30	Parallel sessions: a) Climate finance b) Carbon pricing	<i>Climate finance</i> Paper presentations (Halimanjaya, Uphadyaya and Shrivastava). Moderator: Saliem Fakir , WWF South Africa. <i>Carbon pricing</i> Paper presentation (Caetano) and guest paper (Carolina Groettera , Centre for Integrated Studies on Climate Change and the Environment, Federal University of Rio de Janeiro). Moderator: Prof Anthony Black , School of Economics, UCT.	Plenary (Climate finance) and Breakout (Carbon pricing)	<i>Climate finance</i> Exploration of how we currently approach climate finance, and what is required to finance low carbon development paths. <i>Carbon pricing</i> This session will consider how carbon pricing could impact development and growth, with a focus on South Africa and Brazil.
